EDUCATION

University of Petroleum and Energy Studies

Dehradun, India

B.Tech Computer Science (CSF)

Aug 2023 - Current — Current GPA:7.75

PROJECTS

Desktop Cleaner / Python, CLI, Automation

2024

- Developed a Python script to automatically organize and clean desktop files by categorizing them based on file types.
 - Implemented a customizable folder structure, allowing users to modify sorting rules and exclude specific file types.
 - Designed an intuitive command-line interface for easy execution and user interaction.
 - Optimized file-handling operations to improve script efficiency and ensure seamless automation.
 - Maintained and documented the project on GitHub, enabling open-source collaboration and contributions.

Universal Web Crawler / Python, Scrapy, Web Scraping

2024

- Developed a Python-based web crawler using the Scrapy framework to extract structured data from web pages efficiently.
- Implemented configurable start URLs and domain restrictions, allowing users to customize crawling behavior.
- Designed data extraction logic to scrape page details such as URLs, titles, and body content, exporting results in JSON or CSV format.
- Optimized crawling strategies to improve performance and handle large-scale data extraction with minimal resource usage.
- Maintained and documented the project on GitHub, enabling community contributions and future enhancements.

SKILLS

Programming Languages: Python, Java, C, JavaScript, SQL, HTML5, CSS, Tailwind CSS, MERN Stack **Tools/Platforms**: Git/GitHub, VS Code, Jupyter Notebook, Photoshop

Libraries/Frameworks: Pandas, NumPy, Matplotlib

EXPERIENCE

Jhanvi Women Empowerment Organization / Social Intern

Jun 2023 – Jul 2023

- Planned and conducted health awareness seminars, educating communities on essential healthcare practices.
- Organized and led field visits to assess community needs and implement effective outreach programs.

ACADEMIC/EXTRA-CURRICULAR ACHIEVEMENTS

Cloud Security Alliance Student Chapter, UPES / Public Relations Core Team Member 2024 - Present

- Organized and managed multiple successful events, enhancing outreach and engagement within the cybersecurity com- munity.
- Developed strong networking and communication skills by coordinating with industry professionals and student participants.
- Executed strategic public relations initiatives to improve visibility and increase student participation in CSA events.

Hypervision Student Chapter, UPES / Technical Core Team Member

2024 - Present

- Contributed to technical projects, improving problem-solving and analytical skills through hands-on experience.
- Utilized Excel and other technical tools for data analysis, project execution, and reporting.
- Collaborated with a cross-functional team to ensure smooth execution of technical events and workshops.
